

Combined Activity + Social Event Packages

A Complete, Structured School Experience

Mega Air offers schools the option to **combine supervised activity sessions with a structured social event**, creating a complete, high-quality experience within a single booking.

This format allows schools to deliver both **physical activity** and a **rewarding social component**, while maintaining clear supervision and behaviour expectations throughout the day or evening.

How the Combined Format Works

A typical combined school event is structured as follows:

1. Supervised Bouncing Session

Students begin with a **timed, supervised bouncing session** focused on movement, energy release, and participation.

- Session operates as a **closed school group**
- Clear safety briefing and rules applied
- Teachers and Mega Air staff supervise throughout
- Session concludes cleanly before transition

2. Controlled Transition & Session Close

At the end of the activity session:

- Bouncing areas are **closed off** to students
- Groups transition together under supervision
- Roll checks and water breaks occur

This clear transition supports behaviour management and safety.

3. BBQ & Social Time

Following the activity session, students move to the **outdoor BBQ and courtyard area**.

- Schools may organise BBQ-style food by arrangement
- Dedicated space for eating and socialising

- Staff-supported flow between areas
- Suitable for breaks, reflection, or informal social time

4. DJ Music & Social Event (Function Room)

The event then moves into the **Mega Air Giant Function Room** for a structured social experience.

Features include:

- Large dance floor
- House DJ music
- Professional sound system
- DJ lighting and large visual screens
- Stage access for announcements if required

This creates a **high-energy, rewarding atmosphere** that feels special for students while remaining **fully supervised and alcohol-free**.

Why Schools Choose the Combined Package

- ✓ Clear start-to-finish structure
- ✓ Physical activity followed by social reward
- ✓ Easier behaviour management through planned transitions
- ✓ High student engagement across different interests
- ✓ Single venue, single booking, reduced logistics

This format is particularly effective for:

- Intermediate and middle school socials
- End-of-year and leavers' events
- Reward and incentive programmes
- Cohort-building and transition events

Supervision & Safety

- All sessions are **teacher-led**
- Mega Air staff support activity delivery and venue operations
- Activity areas are closed once sessions end
- Alcohol-free, underage-only environment

- Behaviour expectations agreed in advance

Important Information

Terms & Conditions Apply

- Combined packages must be pre-booked
- Minimum numbers apply
- Final schedule, food arrangements, and equipment use confirmed in advance
